

Creating and Assign license to a User

1. Go to **Microsoft 365 Admin Centre**.
2. Go to **Users > Active Users**.

3. Select **Add a user**.

4. Fill out **First/Last/Display name, Username and Password** then select **Next**.

A screenshot of the 'Add a user' form in the Microsoft 365 Admin Centre. The form is titled 'Add a user' and has a sidebar with a progress indicator showing 'Basics', 'Product licenses', 'Optional settings', and 'Finish'. The 'Basics' section is active, and the form is titled 'Set up the basics'. The form includes fields for 'First name', 'Last name', 'Display name', 'Username', and 'Password'. There are also checkboxes for 'Automatically create a password' and 'Require this user to change their password when they first sign in'. The 'Domains' dropdown menu is set to 'arrowsmith.ca'.

5. Under product licenses, assign any licenses the user needs then hit **Next**.
